Assessment of Majors

Both Sociology and Family Studies students have the option to round out their program with either SOC 498: Senior Capstone Seminar or SOC 411: Internship. When doing a capstone, senior students engage in original research which draws upon theoretical knowledge acquired in their research methods and theory classes. A major original research paper and oral presentation are the cumulative outcomes of the 498 course. The topic will be focused on a family topic for Family Studies students.

For those students who choose to participate in an internship, SOC 411 gives them the opportunity to apply knowledge from their coursework, clarify their own professional objectives, and gain professional experience in an approved community organization or agency. They will be required to complete a substantive term paper as part of their internship which will incorporate the theories and topics learned throughout their program.

Student Organizations

Pi Gamma Mu, national social science honor society, seeks to improve scholarship in social studies; to inspire service to humanity by an intelligent approach to the solution of social problems; and to engender sympathy towards others with different opinions and institutions.

Students who have completed 20 hours of social science with a "B" average or above are eligible for membership.

Sociological Inquiry Society (S.I.S) functions as a Christian community of students interested in sociological
