To this end, Union University seeks to recruit and admit quality undergraduate students of qualified preparation and good character. Advanced Placement and Credit by Examination

Placement tests developed by Union University may be administered in all departments represented in the core curriculum. No credit will be awarded for Union-developed tests; the hours required in the core will be satisfied at a higher level.

Nationally recognized credit by examination programs including the Advanced Placement Program of the College Entrance Examination Board (CEEB), the College Level Examination Program (CLEP), Correspondence and Extension credit, International Baccalaureate (IB) and DANTES SST may be accepted. Credit will be awarded for training received in the military service in accordance with recommendations of the American Council on Education (ACE). Other ACE-evaluated programs may be accepted upon review.

Credit awarded by successful completion of CEEB, CLEP, DANTES and IB exams and for ACE-approved training through non-collegiate sponsored education, including but not limited to the military, is assigned semester hours without quality points.

The General Core for all degrees requires an in-class laboratory science. Therefore, the requirement may not be completely satisfied with credit by testing.

Official scores are required for all tests; Union does not award testing credit from another institution's transcript.
