The MAcc Academic Program

The Master of Accountancy degree provides advanced study in accounting for individuals interested in careers in the accounting field.

Program Emphasis

The Union MAcc curriculum requires the completion of 30 credit hours. These 30 hours are composed of 18 required MAcc hours and 12 elective hours from a combination of selected MAcc and MBA courses. The entire 30-semester hour MAcc program can be completed in one year. The strength of the Union MAcc program is the qualified faculty that serve our student body. Union's business faculty combine practical work experience with strong academic backgrounds. This dual emphasis on practicum and education provides a rich and relevant classroom experience for our MAcc students. Faculty pursue innovative teaching concepts while continuing to conduct and publish accounting and business-related research.
