

Health insurance options available

2. Student Health Insurance Plan

3. The Exchange

As of the ACA, the right health insurance may enroll ONLY in your state. You can't be denied due to a preexisting condition.

www.healthcare.gov

If you can't afford insurance, and your income is within the state mandated range, you may be entitled to Medicaid or the Children's Health Insurance Plan (CHIP). Medicaid eligibility varies by state, but generally applies to low income individuals including children.

cover up to three primary care visits per year at no cost. They'll also cover essential health services AFTER you have met your deductible (no cost individual).
